DRAFT

MOBIUS Long Range Planning Committee

Charge:

To develop a three to five year long range plan for MOBIUS that identifies, defines and recommends initiatives the consortium might undertake on behalf of the membership beyond the implementation of the common library platform. Possibilities to be considered include but are not limited to expansion of MOBIUS membership, consortial licensing of electronic resources, establishing a shared storage facility, cooperative collection development and continuing education. This committee is asked to look at consortial licensing of electronic resources first and make a preliminary report on this potential initiative which can be presented at the June MOBIUS Council meeting. The full report is due to the MOBIUS Executive Committee by January 1, 2001.

Appointed by: MOBIUS Executive Committee

Reports to: MOBIUS Executive Committee

Co-Chairs: Richard Coughlin and Cathye Dierberg
