Task Force on Strategic Planning Recommendations
2009 – 2013

Mission Statement: MOBIUS member organizations collaborate to provide quality information resources and services to the people of Missouri.

Vision Statement: MOBIUS aspires to be: a preferred gateway to quality information resources for all Missouri citizens without direct costs to end users; a member organization, responsive to the dynamic nature of the global information environment and the challenges of ever-changing technology; a full partner with agencies and information organizations to promote and facilitate learning, personal development, and economic well-being through timely access to quality information; and a community asset that supports the development of education, cultural, and social values.

GOALS
