InnReach Circulation Policies Task Force Update
Membership Meeting – March 6, 2015

Charge: will **r**eview the current InnReach Circulation Policies and Procedures to identify areas that can be updated and recommend modifications to the Board

The Task Force has examined the current policies and procedures for InnReach Circulation posted on the MOBIUS website. Some of them are controlled by the III system setup. Other areas reflect choices MOBIUS has made such as checkout time periods. We have researched other library consortiums to see if our policies are in line with other groups. The Task Force is also looking at other relevant issues.

We will meet in Columbia March 9 and expect to make good progress in our discussion in order to prepare our report for the Board. Areas of discussion will include but are not limited to: delivery issues with the expansion of our partnerships with Tulsa and Colorado, changing current polices to better meet the needs of our patrons (checkout length, total checkouts permitted, etc.), bookbands (do we need them, should they be more consistent, etc.?), and the creation of video tutorials to place on the MOBIUS website.

Sincerely,

Alice Ruleman, Chair
Access Services Librarian
University of Central Missouri

Task Force:
Alice Ruleman- University of Central Missouri
Stephen Wynn -Truman University
Ellie Kohler -Rockhurst University
Ann Riley- University of Missouri-Columbia
Fran Stump - State Technical College
Joey Borovicka - Springfield-Greene County Library
Donna Bacon - MOBIUS
