

**Minutes**  
**ArchPub**  
**Wednesday, October 13, 2010**  
**Meramec Campus – St. Louis Community College**

Attendance: Alyce Brownlee (STLCC-FP), Abby DeShane (STLCC-WW), Becky Helbling (STLCC-MC), Ying Li (SCC), Patrick Mallory (STLCC-MC), Kathy Schlump (ECC), Roger Thomas (STLCC-FV), Teri-Ann Wallace – Chair (STLCOP), Lisa Wolfe (JC)

Meeting was called to order by the Chair at 9:30 a.m.

New Business:

**Introductions** – members went around the room and introduced themselves.

**Emergency Contact Sheet** -Teri-Ann (chair) passed around the contact sheet for members to review and correct.

**Committee Charge** – The group briefly reviewed the committee charge as it appeared when the group last convened, 9/21/2007. The charge was approved by the Archway Steering Committee on 10/26/2007.

**New Recording Secretary** – Teri-Ann asked for volunteers from STLCC for a chair elect. The chair elect also serves as recording secretary for the group. Patrick Mallory volunteered for the position.

**WebPac Examples** – The committee is analyzing an update to the Archway WebPac. In an effort to find guidance Becky Helbling highlighted, via a projector, numerous updated online catalogs for the committee to review. The group discussed the following catalogs, noting the pros and cons of each:

<https://mobi.umsystem.edu/> -- MOBIUS

<http://webcat.warwick.ac.uk/> -- University of Warwick

<http://mcotrain.umsystem.edu:2082/> -- MCO training site

<http://webpac.slcl.org/> -- St. Louis County Library

<http://library.cedarville.edu/> -- Cedarville University

<http://wncln.wncln.org/> -- Western North Carolina Library Network

<http://archway.missouri.edu:2082/> -- Archway test catalog

After discussing options for side bars, drop down boxes, rewording the “more searches” to “choose a search” it was ultimately decided that each member of the group should dig deeper into the above sites and determine what options work best for us.

The group decided a demonstration WebPac with real examples that we have access to would work well for determining how we move forward. Teri-Ann will contact MCO about setting up a demo.

**Future Meeting** – The group will reconvene at the St. Louis Community College Meramec campus on November 10, 2010 at 9:30 a.m. We will discuss what options we like and dislike from the example sites.

The meeting adjourned at 10:30.

Patrick Mallory
