

Galahad Profiling Meeting Minutes
Three Rivers Community College
September 5, 2001

Mineral Area College

Chris Burns

MOBIUS Office

Jim Dutton

Southeast Missouri

David Glick
Cathy Roeder
Three Rivers

Gordon Johnston
Diane Rodriquez

MCO Update

INNOPAC Release 2001 is installed on Merlin. There will no longer be a stand-alone manual, because the manual in Release 2001 is on-line so you don't have to download it. After Test PAC, Galahad will do training on Release 2001.

We viewed Galahad's test records. It is now in three frames, but Jim said that would be changed.

520 Summary Enhancements

The 520 Summary Enhancement can be lengthy, because summaries are taken from book jackets, reviews, and other sources. Washington University is using the 520 Summary Enhancement.

Circulation--Continued

Jim continued going through MOBSE #C-10 Circulation Options beginning with #13, *Check-out: Format of date due slip*. Some of the questions are limited to a cluster decision while others allow individual institution decisions.

David Glick volunteered to write the text for Numbers 76, 77, 78, and 79 of the circulation options.

Other

#C-12 PCODE Values: David requested Gordon and Chris send a list of majors, degrees, certificates, and departments from Three Rivers Community College and Mineral Area College. He will check TRCC and MAC's lists with SEMO's to eliminate any duplication, and submit the list to Jim.

Range Assignments

Jim assigned the following ranges for patron types, notices text, and loan rules.

#C-1 Patron Types

MAC 1-20
SEMO 21-40
TRCC 41-60

#C-8 Notices Text

MAC 1-40
SEMO 41-80
TRCC 81-120

#C-11 Loan Rules

MAC 1-40
SEMO 41-90
TRCC 91-130

Next Meeting

The next meeting will be September 13 & 14 at Southeast Missouri State University. This will be for the Test PAC Training.

Respectfully submitted,

Chris Burns
