**III. Minutes from May 8, 2009. Approved.**

**IV. Business Old and New, and Noteworthy News**

1. WILO Online Catalog Redesign (finished or work-in-progress)
  - a. Problems noted: consistency issues with keyword search; Dewey and Local call numbers need to be added to the drop down menu; change ISBN/ISSN choices to Standard Number as previously used in the catalog.
  - b. Ribbon changes: Advanced Search should have a green ribbon past Keyword; Course Reserves and Other Library Catalogs ribbons should be all green.
  - c. Search Other Library Catalogs:
    - i. Add text to screen "These libraries are not part of the MOBIUS consortium. Your college library card is not valid at these libraries. Please ask the reference librarian at your institution for assistance in using these libraries.
    - ii. Change sub-bullet under KCLC to uppercase A and remove comma from end of KCLC
    - iii. Olathe Public Library link should be changed to go directly to the joint catalog of Olathe and Johnson County Public.
    - iv. Help Page still needs work
    - v. View Your Library Account: wording of campus ID needs work
    - vi. Research icon needs work and should be linked to Help, where the patron could be linked to their institution's research help page
    - vii. Request to have WILO.missouri.edu URL show the new WILO catalog page
    - viii. Add MCC Business & Technology location to the list of institutions at the bottom of the screen and to the drop down menu of libraries. This location uses the same scope as Blue River.
2. Courtesy Notices (WILO Access): Judy Rice reported that the cluster has enabled this function but it's up to the individual institution to decide if they will use it. The notice is sent out a few days before an item is due and should be worded to indicate that the patron may not be able to renew an item if a hold exists on the item.
3. Groups and distribution lists on new MCO website: Coordinators Group Needs Updating (Who Is Responsible?): If the cluster wants to set up a new group contact the Help Desk. WILO committee chairs should keep the list of committee members, meeting minutes and other documents updated on the MCO website.
4. Book Cover Images from LibraryThing. The images are coming from the 10-digit ISBN number. There is a delay in the 13-digit ISBN image appearing in Library Thing.
5. Next date for WILO Directors lunch meeting.
6. New Chair of WILO Coordinators. Logan asked members to consider taking the chair position in the future.
