

## WILO Coordinators Meeting Minutes

April 4, 2007, 9 a.m.  
Rockhurst University

Present: Logan Wright, Saint Paul School of Theology; Laurie Hathman, Rockhurst University; Kathleen Finegan, Avila University; M.J. Poehler, Kansas City Art Institute; Susan Beyer and Craig Kubic, Midwestern Baptist Theological Seminary; Ted Ostaszewski, Metropolitan Community Colleges; Kenette Harder and Elise Fisher, William Jewell College.

### I. Agenda Review

II. Minutes from December 6, 2006—approved as distributed by email.

### III. New Business

#### 1. Media Management

Turned on already; need to decide on use of course password

Software is housed on the WIL0 server so space is probably limited. Files that are large and/or permanent may need to be housed on local server with a link from the WIL0 server. Example from Lincoln University Electronic Course Reserves shows the link text is limited and will display the same text no matter the file type. There is an option to set a password in course record but there is uncertainty as to what the password allows. MBTS has turned this on and individual sites must request it be turned on. MCO cautioned that large files could slow down the system. A report can be run to find out where files are stored.

An outline of features for Media Management, the authorizations for Media Management, and the Worksheet #ECR-1 Electronic Course Reserves copied from the MOBIUS website were distributed.

#### 2. New Item Type for Graphic Novels

KCAI is interested in making graphic novels non-requestable. MJ Poehler and Kathleen Finegan will talk to Jim Dutton at MCO about setting a display in the catalog to indicate when something is only available to local patrons. Possible options include type 50 which indicates a personal copy and so doesn't show on MOBIUS catalog, use Z to suppress the record to the central catalog, and a public note to indicate non-requestable.

A list of current item types was distributed.

#### 3. New WIL0 Representatives July 1

MCAG	2 year term	MJ Poehler / Ted Ostaszewski (alternate)
MCDAC	2 year term	Dennis Goodyear (Avila)/ Ted Ostaszewski (alternate)
MCMAC	2 year term	Craig Kubic

4. New WILO Terms (Coordinator, Recorder) Logan will continue as chair of the WILO Coordinators committee and Laurie will continue as recorder.

#### IV. Old Business

1. SCAT Table—work is continuing on this project. The religion section is nearly done. Dewey libraries will want to review the mapping from LC to Dewey.

2. WebPAC Pro—most additional features are at an additional annual cost. Costs for additional features need to be determined so that each site can plan for it in their budgets. The Spell Check feature costs \$1850 and MCC is paying for it. Clusters like Bridges that are already WebPAC Pro like it. Once this is turned on for WILO on June 1<sup>st</sup> there will be additional work which will need to be done to customize it.

A description of WebPAC Pro and example sets taken from the CS Direct website were distributed.

#### 3. Other

a) Susan Beyer reported on seeing the demo on Research Pro. This is the federated search product. Costs are approximately \$10,000 per institution per year. The University of Nebraska, Lincoln and Yale Law Library both use it. Links are clustered on the side bar rather than within the bib record. Pathfinder links are available to other related items like research guides.

b) P Codes—MBTS wants to use “S” to represent PhD.

c) Advanced search box—MERLIN has it in WebPac Pro

#### V. MOBIUS Reports

##### 1. MAAC (Elise) meeting March 6, 2007

Liaisons with MCO (Mark Wahrenbrock, Christopher Gould)

Discussion covered implementation of WebPac Pro; disaster planning for the consortium, Wash U is a test site for Article Research for RLG, Springfield-Greene is testing Encore, First Choice has new software under development for tracking deliveries, Lenders of Last Resort list was distributed, AV Checkout list was distributed.

Next meeting is July 11, 2007.

##### 2. MACPAC (Elise) Annual Conference is in early June at Tan Tar A.

##### 3. MCAG (M.J./Ted) (March 13, 2007, via Centra)

Liaisons with MCO Lynne Edgar, Christopher Gould (alt)

ArticleReach under testing by WashU (Mich St, U Colorado, UNL, U Oregon, Wayne St)

MOBIUS Software Usage Survey closed mid March. Results will be posted on the MCO website. MIUG Discussion List—Anyone can join this listerv, not just IUG members. Next meeting is August 7, 2007, via Centra

4. MCDAC (Susan) (For details see minutes from the March 9, 2007 on website)  
Liaisons with MCO (Jim Dutton, Adrienne Detwiler/Bunny Watson?)  
More languages can be searched in the central catalog. Discussion about numeric Dutch subject headings resulted in an agreement that the headings can be deleted from bib records. Agency software implementation was discussed for requesting items. Changes in the central catalog will be made to allow more complete information be exported from a record to the ENDNote bibliographic software.

5. MERAC (Laurie)  
Liaisons with MCO (Fran Stumpf; Abbey Rimel)  
(February 7, 2007, 10am-12noon, via videoconference)  
Ebrary, Reference Universe and BioOne are the 3 databases which will be offered through Database Cafeteria for 07-08. Offers for these were distributed in late March. Limited license proposal guidelines were adopted to give sites direction on how to set up their federated search engines as it pertains to limited license databases so that all sites which subscribed to limited license databases are not experiencing turnaways due to federated search products. Next meeting is July 16<sup>th</sup> in Columbia.

6. MOBIUS Council-(January 26, 2007, 10:30am-3pm, Columbia)  
Encore was demonstrated.  
Next meeting is at Annual Conference in June.

7. MOBIUS Executive—No report  
(January 5, 2007, 10am-3:15pm, Columbia)  
(March 2, 2007, 9:30am-1:30pm, Columbia)

8. MOBIUS Website –no report (M.J. Poehler resigned as chair due to staffing issues. Beth Fisher and Executive Committee will designate a new chair.

## VI. WILO Reports

1. WILO Catalogers (Susan)  
Agency software was discussed. Bad language fields in records were discussed. About 9,000 records are missing the 008 field. Each institution will fix their records.

2. WILO Access Services (Elise) same information as reported for MAAC.

## VII. Other

VIII. Next Meeting, August ???, 9am, Saint Paul School of Theology
