YBP interdisciplinary descriptors may be useful in constructing a search

- Profiled Date or Pub Year is a required report parameter.
- Titles handled by YBP/L&H prior to 1/13/2003 only support Dewey reporting to the first place past the decimal (ie: 370.1). Titles handled after 1/13/2003 support reporting to the third place past the decimal (ie: 370.114).
- YBP/L&H retains shipment data for 24-36 months. If your date parameters go back further than 24 months, the report data may not be complete.
- Fields without boolean operators are combined with **AND**.
- To combine **multiple values** for a field with **OR**, separate with **semicolons**. To combine with **AND**, use spaces.
- Specify a range with hyphens. Range searches are available for Classification, Profiled Date and Pub Year.
