

MERLIN Acquisitions / Serials Control Committee

Minutes – April 29, 2009

Attendees: Becky Merrell (MS&T), Maggie Trish (MS&T), Jennifer Bleiler (MS&T), Minnie Breuer (MS&T), Janis Peach (UMSL), Karen Darling (UMC), Rich Rexroat (UMC-HSL), Buddy Pennington (UMKC), Glenn Higley (UMKC-Law), Patrick Bickers (UMKC), Needra Jackson (UMC-Law)

Host: Susan McCormack (LSO)

Meeting held via Adobe Connect starting at 9:00 a.m.

- Release 2007.

No issues or problems with Release 2007.

- E-Resources & Order Records

UMKC is transferring orders to an E-Bib. UMC is attaching orders to a full bib or keying in a brief bib until a full bib is available. MS&T is currently leaving orders on the print bib or keying in a suppressed brief bib for new titles or title changes.

- Discussion of Label Printing in Millennium

UMC has been printing labels for several years. The setup is still part of the old legacy system, and does not use laser printers or sheets of labels. UMC is using Okidata printers to print labels. There are a few limitations with label printing, but the feature basically works fine. UMSL and MS&T are not printing labels during checkin.

- UMKC / III ERM.

The UMKC ERM should go live August 1, 2009. There will be new webpac pages added to the UMKC Scope. All staff will see the UMKC Resource Records, but they will be plainly marked as UMKC. There should be a coverage load for UMKC this fall. There will be further updates posted to the list as the project moves forward.

MS&T is currently using the ExLibris ERM product VERDE. UMKC and MS&T both noted that there is a great deal of work in bringing up an ERM product and getting information loaded. UMC and UMSL are not using an ERM product at this time.

- UMC ticket regarding Gobi Exports.

This problem has been resolved and the ticket is closed. There is an ongoing concern about the delay in loading records at MCO. MERLIN is working with MCO to address this concern.

- Other open tickets

No other open tickets.

- Elect new chair.

Buddy Pennington (UMKC) unanimously elected as new chair.

Meeting adjourned at 9:30 a.m.
