- **Update on previous action items**

- **Training needs – Mark & Pat want to know what we need (content & format)**

  MilAcq transition from character based, MilCat refresher, Image module/electronic reserves, and authority refresher will be forwarded to MCO

- **MARS reports**

  Sent to Cataloging committee, they voted to drop this report

- **Coding for Wright American Fiction collection**

  Sent to Cataloging committee, they voted to omit call# & volume display since we have both LC & Dewy libraries in the cluster

- **Corky – MOBIUS Coordinators Advisory Group update**

  MAP - tabled due to high prices
  TOC enrichment – recommend to start up again as soon as $ is available

- **Other items**

  Verify that Cottey ptypes have been added to SWAN loan rules for each library

  Forest Institute of Professional Psychology will be loaded 2/1/03, approx 2,500 records total – records will be suppressed initially. David Adams will send ptypes to add to SWAN loan rules. There will be a new location limit – SMSU-FIPP. SWAN book bands will need to be updated

  **Phase 2 upgrade will be loaded in mid-March*

- **Jim – WWWoptions**

  ***Jim patiently went through many of the wwwoptions available and demonstrated how many would look by spotlighting what other clusters have done*

  We all agreed on the need for the SWAN look to be revised and remembered that Vicky at Drury had expressed a willingness to look into this

  David will forward to the coordinators some suggestions from the SMSU reference department.

  My Millenium will eliminate our View Patron Record frame issues. Jim will let us know what can be controlled by ptype

Next Meeting – 10a.m. April 25th, Drury University
