

The Arthur site coordinators met at the MCO office. In attendance were:

Tom Schultz (William Woods, Nason Throgmorton (Columbia College), Tom Leimkuehler (MO State Library), Corinne Caputo (Westminster).

Absent: Corrie Hutchinson (Stephens), Inas El-Sayed (Lincoln)

The minutes of the previous meeting were approved. There were no committee reports. Tom Schultz received a message from the Directors' committee naming the new MOBIUS committee reps for the upcoming year. They are:

MAAC, Sue Reed (MOSL)

MCDAC, Corrie Hutchinson (Stephens)

MCMAC, Janet Caruthers (Columbia College)

Following the standard alphabetic rotation, the Arthur committee chairs for 2008/09 are:

Site coordinators, Nason Throgmorton (Columbia College)

Technical Services, Tom Schultz (William Woods)

Public Services, Lucia D'Agostino (Columbia College)

The following agenda items will be passed on to the Technical Services Committee for discussion:

**Possible 'new status' of *On Display*** – This was requested by Nason Throgmorton.

**Mars Reports** – Corrie Hutchinson asked me if she could speak about this topic, since she was the person who divided up and distributed these reports last quarter.

**Arthur documents on the website** – It is generally agreed that our documents are difficult to wade through for information. We need to find a more effective to organize them, possibly sorting them into folders with keyword tagging.

We tentatively set a date for the next meeting sometime in the first week of August, but through ensuing e-mail discussion we decided to consolidate the dates of coordinators and tech services meetings, and hold both meetings on July 22nd, 2008. Tom Schultz will reserve the room and send out e-mail notification when this has been confirmed on the MCO calendar.

Submitted for approval, May 2nd 2008

Tom R. Schultz, Chair,

Arthur Site Coordinators
