

## **LANCE Cluster Minutes**

### **July 27, 2000**

The LANCE Cluster met Thursday, July 27, 2000 at MACC. Present were Robin Kespohl, Sharon Upchurch, Bob Lindsey, Leisa Walter, Becki Daugherty, Pat Ferguson, Pat Teter, Mary Sims, Tesuk Im, and Valerie Darst.

Robin gave a brief MOBIUS Update. Release C of an Innopak Upgrade had caused lots of problems recently for the MCO staff.

Robin went over each institution's location code and item type worksheets and made recommendations for changes. Robin also gathered information from each institution on the number of patrons expected to be loaded and the number of "live" periodical titles.

The following worksheets were covered: Bib-1, 2, 3, 9, 10, 11, and 12. Bib 4 remains to be done. Robin will update information on each of the worksheets and submit it back to the LANCE coordinators before the August 10<sup>th</sup> meeting. OP worksheets will be worked on at the next meeting.

The next meeting will be held at MACC on August 10<sup>th</sup> at 10:00 a.m. in the Library Conference Room.
