---

Please remember we are having our MAAC meeting on the 29th of March (next Monday at 10am) to prioritize the Circ enhancements before Gary Harris et al. leave for IUG. If you haven't done so already, please be sure to email or call Jennifer Lee about your lunch preferences. I am trying to get an email to Gary to ask him if he could send us a list of the 2004 enhancements before the meeting. Either something's wrong with his email or mine because the message keeps bouncing back, but I'll keep trying. I know MCO monitors our lists as well and hopefully someone can get the request to him. Looking forward to seeing everyone on Monday.

Loretta
