

**MOBIUS Catalog Design Advisory Committee**  
**Agenda**  
**March 4, 2005**  
**10 A.M.**

1. Approval of minutes from meeting on November 5, 2004
2. MOBIUS Update
3. INN-Reach Enhancements Requests
4. Strategic Initiatives and Priorities

Adding new MOBIUS Members

Cataloging Standards as They Relate to Cooperating Partners

MCDAC membership for new members

Global Training Needs

5. 229 filing indicator: How do we want to proceed?

*From MCO: I received an answer from Ill regarding the use of the 229 2nd indicator as a filing indicator for initial articles on MOBI. It would be necessary to add another indexing rule to implement this change, so all new records would be indexed according to the new rule. However, reindexing would be necessary to make the change to records that are already in the catalog, and this can be expensive from what I understand. If you are interested in reindexing, please let us know, and we will request a price quote.*

6. Online Tutorials on how to use the Catalog
