

MOBIUS Catalog Design Advisory Committee
Agenda
November 17, 2006

1. Approval of minutes from meeting on July 14
2. MOBIUS update
3. Numeric Dutch subject headings

NOTE: These were brought to our attention by Andrew McGarrell in October. An example record is OCLC# 57007982. The question is whether we should allow member libraries to delete these fields from the MARC records.

4. Bulgarian language limit

NOTE: This question was raised by Kathleen Schweitzberger in October. Though the question was about adding a Bulgarian language limit to the MOBIUS catalog, we might consider other language limits as well.

5. Indexing of MARC tags 780 & 785
6. Cataloging audiobooks on mp3
7. MOBIUS limit by location
8. INNOPAC enhancement requests (Enhancement requests due January 19)

NOTE: We usually discuss these in the March meeting, but the shorter enhancements cycle means that enhancements will be due before that meeting.
