1. Wendy attended the Mobius user's conference.
2. Authority file indexing problems in guicat were discussed by Linda. No solution.
3. Suppressing order records from local catalog. Order records problems with MSSC was discussed by Linda.
4. Projects completed by MSSC: Completed Caldecott, closed caption videos, cleaned up dummie item records and deleting death dates to match authority records.
5. No location code in many BIB records? Many zzzz location codes in bib record? This was discussed and we all thought it was just a mistake.
6. What to do with Crowder bibs with no OCLC nos.? Crowder is in the process of working on these.
7. Update our housekeeping list? We decided that housekeeping needs to be updated and posted on the website and that it needs to be done twice a year.
8. Authority cleanup from the original load is still at the same spot as before.
9. Automated authority control processing still has bugs and hasn't been implemented.
10. We don't know of any way to export authority records to the subject file only.
11. Review file #132 (330 records)-- have Linda explain. I don't remember anything about this (except I wrote down "review file") if anyone does please let me know.
12. From Michelle: she wants us to discuss how we want our new review files to be added, once Cottey is added to Swan. We chose to add them at the end.
13. We don't add 856's except mainly with Gov Doc's.
14. Missouri State Library has begun profiling and will be added to the Arthur Cluster. Rockhurst College and the Kansas City Art Institute will be added to WILO.

15. Next meeting is Jan.31st @1 pm at Cottey.
