

Exporting Authority Records to Authority Vendor

In order for the Authority vendor to update their history files and Notification Service with regard to SWAN authority records, separate record files will be created based upon the combination of codes in ACODE2 and ASUPPRESS. Fifteen files will be created:

File Name	ACODE 2 value	ASUPPRESS value
Add LC names	a	-
Delete LC names	a	d
Add LC subjects	d	-
Delete LC subjects	d	d
Add LC Children's headings	k	-
Delete LC Children's headings	k	d
Delete MESH subjects	m	d
Add local names	n	-
Delete local names	n	d
Add local subjects	s	-
Delete local subjects	s	d
Add LC titles	t	-
Delete LC titles	t	d
Add local titles	u	-
Delete local titles	u	d
