- V. Executive Directors Report – Beth Fisher. Last year MOBIUS reviewed the budget with the University Comptroller. The operating budget is a little over three million dollars. MOBIUS will now have cost centers so expenses can be tracked more closely. Beth Fisher reviewed the policy on the admission of new members to MOBIUS. Discussion followed. Richard Coughlin suggested that the comments be added to the new policy and sent out via e-mail to the Council members for review. A suggestion was made to possibly create another category for new members. The current policy needs to be reworked. A motion was made by Janet Carothers to table this agenda item until the draft policy can be reviewed, the motion was seconded by Hugh Stocks and the motion passed. Beth Fisher discussed the issue of non-MOBIUS institutions using the delivery service without full membership. What would be the cost benefit for MOBIUS? The advantage would be a small supplemental income for MOBIUS but MOBIUS would need to ensure that all costs associated with the service were covered. A comment was made that this type of service could possibly serve the entire State of Missouri and could be one service for everyone. A motion was made by Shirley Baker for the MCO office to work with the State Librarian to investigate a statewide courier service, motion was seconded by Jim Pakala and the motion passed. The Council discussed Rankin Technical College using the courier service and not fulfilling their obligation of MOBIUS membership. The Council discussed terminating their membership. The Forest Institute of Professional Psychology has applied for MOBIUS membership. Ed Walton made a motion that MOBIUS accept their membership, the motion was seconded by Karen Horny and the motion passed. at a later date. Beth Fisher discussed the categories of the MOBIUS operations/help desk and distributed a handout on the staff professional activities for the FY07.

- VI. Richard Coughlin noted that the Executive Committee was interested in submitting a request for funding to the State of Missouri. Beth Fisher discussed the new item request for unrestricted educational and general monies that could be used for a one time purchase and ongoing maintenance. She reviewed the FY08 MOBIUS calendar which includes funding submission deadline dates. There will be further discussion on the FY09 request for State funding at the September 7, 2007 Council meeting. MOBIUS needs to present a clear image to the legislature.
